This is a standard form to be used by awarding agencies to collect information related to tangible personal property (equipment and supplies) when required by a Federal financial assistance award. The form consists of the cover sheet (SF-428) and three attachments to be used as required: Annual Report; Final (Award Closeout) Report and a Disposition Request/Report. A Supplemental Sheet, SF-428S, may be used to provide detailed individual item information.

A. General Instructions:

Tangible personal property means property of any kind, except real property, that has physical existence. It includes equipment and supplies. It does not include copyrights, patents or securities. For convenience, throughout this form and its attachments, the term property will be synonymous with tangible personal property. The terms equipment and supplies will be used when referring to specific requirements.

Property may be provided by the awarding agency or acquired by the recipient with award funds. Federally-owned property consists of items that were furnished by the Federal government and equipment acquired with award funds when the award provisions specify that title to the equipment vests in the Federal government upon acquisition.

Recipients of Federal assistance awards may be required to provide Federal awarding agencies with information concerning property in their custody annually, at award closeout or when the property is no longer needed. Specific requirements will vary based on award provisions, the type of property (equipment or supplies) and whether the property is Federally-owned. This reporting form and its attachments are intended to assist recipients to provide necessary information when it is required.

1. Federal Agency and Organizational Element to Which Report is Submitted. Enter the name of the Federal agency and the agency organization element identified in the award document or as otherwise instructed by the agency.
